## 1974 CROPS SHOW DEDICATED TO LARS JENSEN

The 1974 State Crops Show is dedicated to Lars Jensen, former extension agronomist from North Dakota State University and longtime manager of the Crops Show. Lars' enthusiasm during his years as extension agronomist contributed much to the largest grain show in the upper midwest.

Lars has had a wide range of experience that has kept him in close contact with farming operations in North Dakota. He began his career as county agricultural adjustment agent in Benson county in 1934 and later that year served in the same capacity in Foster county. He spent two years in the State 4-H Club office and eight years as Northwest District Supervisor before becoming extension agronomist. He left the Extension Service for eight years of work with commercial seed companies before returning to his position as extension agronomist in 1956. He continued in that position until his retirement. He continues to be actively engaged in the agronomic field as a part-time employee of the Agricultural Experiment Station and as a private consulting agronomist.

During his time with the North Dakota Extension Service he wrote and published a large number of Extension Service publications covering a wide range of crop production topics.

Lars has been recognized previously for outstanding contributions to North Dakota agriculture by the Walsh County Crop Improvement Association, the State Barley Show and the North Dakota Association of Future Farmers of America.

For many years, Lars was secretary of the North Dakota Crop Improvement Association. He is also a member of the American Society of Agronomy, Elks Lodge, Alpha Zeta, a national agricultural honorary fraternity; Epsilon Sigma Phi, a national Extension Service fraternity; Tau Kappa Epsilon, a social fraternity; and a life-long member of the Lutheran Church.

808  
SX

A "yielding whiz" is one way to describe this very early, new Cargill single-cross. With excellent harvesting quality, 808 is bound to be a popular variety for the large producer as well as the family-size farmer. It's a fast, vigorous starter that really loads the wagon box with high quality corn at the finish.

404  
3X

A Cargill three-way cross that dries down fast and produces well in narrow rows. Root and stalk quality are both outstanding. In 1971 and 1972 research tests, 404 averaged 8 to 12 bushels per acre more than other similar varieties in the same maturity range.

The premiums offered shall be as follows for each of the above classes in the six breed groups:

	1st	2nd	3rd	4th	5th
Summer Yearling	\$30	\$25	\$20	\$15	\$10
Senior Calf	30	25	20	15	10
Junior Calf	30	25	20	15	10

Halter Class steers will be weighed, tagged and examined at 10:00 A.M. Sunday, March 3, 1974. A three percent shrink will be allowed for show purposes. EXAMPLE: If you enter a halter steer in the senior calf class according to the rules, it must weigh a minimum of 1,000 pounds. But, we realize that you may weigh the steer at home and it weighs 1,025 pounds, but by the time you get to Valley City, the steer may have shrunk to 980 pounds. The steer is still eligible for show because it is within the 3% allowed. In other words, a summer yearling can weigh 1,067 pounds; senior calf 970 pounds and junior calf 776 pounds and still be eligible to show. However, this shrink is allowed for show purposes only. The steers will be sold on actual weight as weighed on Sunday morning and no shrink will be taken for sale purposes. Sifting will be done, if necessary, to reduce the number of steers to not more than the best 10 head from each of the breed groups.

## CHAMPIONS BY BREEDS

Competition in the following classes is limited to first and second prize winners in the foregoing section for Angus, Hereford, Polled Hereford, Shorthorn, Charolais, Galloway and Other Breeds, but no second prize animal shall be entitled to rank higher than reserve in any championship class. No previous entry needed. Entries will be made by the ring stewards after breed premiums are awarded.

	Champion	Reserve

Champion Hereford	\$25	Ribbon
Champion Polled Hereford	\$25	Ribbon
Champion Shorthorn	\$25	Ribbon
Champion Charolais	\$25	Ribbon

## GRAND CHAMPION

Competition for Grand and Reserve Champion is limited to the Grand and Reserve Champions of the breeds.

Grand Champion: Ribbon and prize money to be determined by number of entries.

Reserve Champion: Ribbon and prize money to be determined by number of entries. Special awards from State and National Breed Association for Champion and Reserve Champion. Prizes to be awarded in show ring. Grand Champion and Reserve Champion will be slaughtered at a licensed slaughter plant not later than ten (10) days after the Show and data will be collected and published by steer officials.

Group of Three Halter Steers: Must have been shown in individual halter classes and exhibited by one owner or family. Breed Champions and Over-All Breeds Champion group will be selected. There is no entry fee for this class. Ribbons will be awarded.

## 2. CARCASS SHOW

### 3. PEN OF THREE (3) BACKGROUNDED STEERS

The North Dakota Winter Show provides classes for backgrounded feeder steers of all breeds. This gives the commercial cattle producer an opportunity to exhibit feeder cattle at this great show window event.

The backgrounded show provides an opportunity to advertise and gain recognition for top quality feeder cattle throughout North Dakota and the nation. This year the pens will placed by three judges and the public is invited to participate in judging from the sidelines.

Born on or between March 1, 1973, and May 31, 1973.

Backgrounded pens can arrive as late as Monday noon, March 4, and will be released immediately upon completion of the Show Monday.

There are no regulations pertaining to clipping.

In addition to the pro-rated premiums and special Breed Assn. rewards, the North Dakota Winter Show will pay \$50.00 to the exhibitor of the Champion Over-All Pen of Three Backgrounded Steers and \$25.00 to the exhibitor of the Reserve Champion Pen Over-all.

## GENERAL RULES

**A.** In all classes a crossbred or grade steer will be entered and shown in the breed of its sire as shown on the certificate signed by the breeder.

A steer entered in one of the two younger halter or carcass classes, but found not meeting the requirements as determined by mouthing, will be transferred to the class in which it will fall according to the rules and regulations of this Show. No steer will be transferred to a younger class than which it is entered.

**B. CERTIFICATION**—All entries must be accompanied by a bonafide certificate, signed by the exhibitor and breeder of the steer, indicating the breed of sire and breeder. Month of birth should be indicated also, if known.

**C. MOUTHING**—All steers will be mouthed by competent veterinarians, and will be appropriately tagged at the Show.

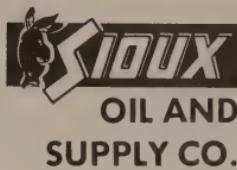

Summer yearlings may have the two center temporary incisors teeth replaced by permanent incisors, but permanent incisors must not be in use. The remaining six temporary incisors must be in place and there may be no evidence of eruption of any permanent incisors other than the centers.

Senior calves must have all eight temporary incisor teeth in place. There may be no evidence of eruption of any permanent incisors.

Junior calves must have all eight temporary incisors firmly in place. There may be no evidence of eruption of any permanent incisors.

**D. TAMPERING AND MISREPRESENTATION**—Any artificial means of removing or remedying the physical defects of conformation in exhibition cattle, such as cutting ties or lifting and felling under the skin will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from competition at the North Dakota Winter Show and forfeit all awards. Misrepresentation of the age of an animal will be considered in the same light.

A tie shall not be regarded as a defect unless it is of such nature as to mar or injure what would otherwise be a prime carcass.

**Al Dexter**

**Herman Stern**

Al Dexter and Herman Stern — men of vision, filled with determination to promote and encourage our great resources in people and agriculture. Each of these men in his own way, through his own special talents, has contributed immeasurably to the development of this great show.

Al Dexter, who founded the Livestock Futurity in 1942 and the Junior Futurity in 1947, has called the Futurity the "bedrock" of the Winter Show. Al was the driving force who visualized the impact this show would have for the livestock industry of the state. He has vigorously promoted this show since its inception.

Herman Stern, Valley City business man and a true friend of agriculture, was the leader in the drive to provide our new modern facilities. The success of the Livestock Show was such that growing pains came about. Herman Stern provided the energy, inspiration and organizational skill so necessary in the financial campaign to build our present building which is a show window for North Dakota agriculture. It was no small task to raise the half million dollars — but then, it was no ordinary man who headed the effort, and he was aided by Al Dexter.

The Livestock Committee takes great pleasure and pride in dedicating the 1974 Livestock Show to Al Dexter and Herman Stern. Our show is a testimony to their faith in North Dakota and its Agricultural Industry.

2. To give such boys and girls competent assistance in securing high quality heifer calves.

4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

## **1974 RULES AND REGULATIONS**

1. Membership in the Junior Futurity is open to 4-H Club members and FFA members enrolled in beef breeding projects in North Dakota. Once a member, always a member, until age requirements of the 4-H and FFA bar further participation.

  - b. Junior Futurity member must show his own animal unless he has received prior approval from the Junior Futurity managers to use a substitute to show his animal.
2. To be eligible for exhibition in the Junior Futurity state show, the animal must:
  - a. Be a purebred animal (male or female) and must have been bred by the member or by a North Dakota breeder or purchased in dam.
  - b. Be in possession of the member by December 1, 1973.
  - c. Hereford, Shorthorn, Angus, Polled Hereford, Galloway must have been born on or before April 30, 1973, and on or after March 1, 1972.

4. Each Jr. Futurity exhibitor may enter two animals (one heifer and one bull) with provisions to enter additional animals provided they are progeny from previously shown Junior Futurity animals.
5. All entries in the Junior Futurity classes must be accompanied by an entry fee of \$1.00.  
FFA entries must be approved and signed by the Vocational Agriculture Instructor by December 1, 1973.

6. Registration papers showing that ownership of entry is recorded in the member's name only, are to be presented by members to the Junior Futurity managers, prior to the Junior Futurity Show.
7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

## Pictures For Blue Ribbon Winners

The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing. Pictures will be taken immediately following presentation of ribbons.

## Group Stall Award

A plaque and cash award will be presented to the Junior Breed Association that has the best appearing stall area. The North Dakota Winter Show will sponsor the plaque and also award a ribbon to each individual exhibitor within the winning group. Each State Breed Association represented in the Junior Futurity Show will contribute \$10 to be awarded to the winning Junior Association. Judging will take place between Saturday noon and Tuesday noon and will be based on daily cooperation, neatness, decoration, cleanliness and grooming.

## JUDGING PROCEDURE

Animals are to be judged in their respective classes and lined up according to their placing. In addition, to make the event more educational for the young exhibitors, the judge of each breed will be requested to designate (1) calves considered highly desirable for foundation animals in the establishment of purebred herds; (2) calves somewhat less desirable for foundation animals yet satisfactory for the most part; (3) calves more or less unsatisfactory for foundation animals.

The judge will select from group number one animals that he feels will make a creditable showing in the Senior Futurity. These calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

The judge will designate the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed.

Premiums will be paid on a graduated basis.

## JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amounts depending upon placing won. In addition, each exhibitor wins a ribbon. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

## UNION STOCKYARDS LIVESTOCK MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons.

## TERMS AND CONDITIONS

Each animal will be sold to highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale—but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

### TERMS — CASH — Unless otherwise arranged prior to the sale.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.
4. Any guarantee is void if there is evidence of improper management in caring for the animal.
5. Seller will have the privilege of replacing with an animal of similar quality and breeding or refunding the purchase price of the animal.
6. The above guarantee is between the individual consignors and the buyer of each lot. The North Dakota Hereford Association assumes no liability, legal or otherwise, but will help in every way possible to make adjustments should it become necessary.

All cattle entered have been tested for Tuberculosis and Brucellosis. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

.....

MAIL ORDERS — For those unable to attend, buying instructions may be sent to Clint Kopp, Box 797, West Fargo, Sale Manager, or other representatives.

### PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1974 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

2. The auctioneer will settle any and all disputes as to bids and his decision shall be final.
3. Each animal will be at the purchaser's risk as soon as sold.
4. Terms will be for cash. Credit or terms must be arranged with the seller prior to the sale. Letter of credit from banker or financing agencies should be presented to the clerk of the sale.
5. Settlement will be made with the clerk in the auction office. Be sure to give correct name and address to the clerk, exactly how you want your cattle transferred under. Do this when making payment. This is important.

12. Arrangements can be made to feed and care for any animals sold up to 48 hours after sale until transportation can be arranged by the purchaser.
13. Any changes from information of any kind in the catalog will be announced from the auction box and these will take precedence over printed matter.

## PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1974 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

## PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1974 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

## STANDARD GUARANTEE

Standard Guarantee Recommended by the American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or sale in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

## PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$500.00 for bulls, \$400.00 for bred heifers and \$350.00 for open heifers in recognition of the high quality breeding cattle to be sold at the 1974 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

## TERMS AND CONDITIONS

Terms and conditions are those adopted by the American Angus Association in 1965.

Terms of the sale are cash.

The auctioneer will settle any disputes as to bids by reselling the animal. No by-bidding is allowed.

Each animal will be at purchaser's risk as soon as sold. Cattle will be cared for, for a reasonable length of time after sale to permit ample time for removal.

MR ANGUS LAD — is out of the Junior Champion Female at the 1972 Winter Show and she has developed into one of the biggest, framiest cows we have. Bordulacs Mr Angus, of course, has done a tremendous job for Bordulac Farm and has sired several champions at this show. This young bull bred a group of heifers this summer and should be a good, growthy animal.

DUKES REVOLT LAD — is sired by the 2400 lb. Canadian bred "Duke." His dam was bred in Nebraska and she is a big, good-milking, foundation type cow. This bull has been breeding this summer and will be selling in good hard condition, but he has the frame and breeding to go on to be a real good stock bull that will put some stretch and size in his calves.

### Acknowledgement

The Board of Directors and management of the North Dakota Winter Show would like to take this opportunity to express their appreciation to the Livestock Exhibitors, Commercial Firms, Press, Radio, Television and all individuals for their assistance in helping stage this Annual Show.

We feel that without the help of these people it would be very difficult for us to carry out our obligations, which are to promote all north Dakota industry, the breeding and feeding of better livestock and the growing and selection of better strains and purer varieties of seed grain.

Winter Show Arena

Friday, March 1 — 8 P.M.

Saturday,

BOB ABER, Beach, North Dakota, RCA Stock Contractor and Producer at the North Dakota Winter Show since 1964, has one of the finest bucking strings in the country. Together with Jim Sutton, Onida, South Dakota, Bob brings you more National Final's stock than has ever been featured at any one time in North Dakota rodeo history. Sutton is noted for having the rankest bulls in the nation and, without doubt, is our sister state's finest contractor.

DUANE REICHERT, Clown and Bullfighter has clowned throughout much of the United States and Canada during his thirteen years with the Rodeo Cowboys' Ass'n. Pictured is a scene from his routine, Dr. Ben Krazy's Rampaging Ambulance.

OLD SHEP at the 1973 National Finals Rodeo. Old Shep was voted the second best horse in the nation in 1973. He is a full brother of Moon River. Both broncs are owned by Bob Aber.

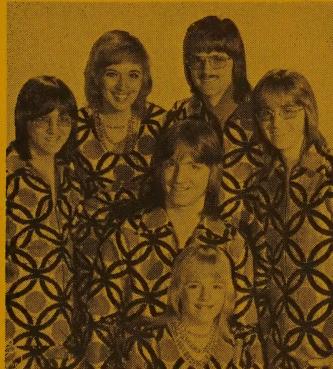

JERRY OLSON, a highly rated clown, loves to entertain the crowd with bull-baiting. Jerry and his 5 year old buffalo, Sam (who weighs a mere 1500 pounds!), are also great crowd pleasers.
